OKA'S 2020 SUSTAINABILITY CONFERENCE SPEAKER

SEPTEMBER 22-23, 2020

TITLE

Adult Education Manager; Noble Research Institute

Bio

Hays direct and manage the adult outreach and education programming for Noble Research Institute. Noble's adult educational programming provides producers guidance and proven ideas for regenerative ranching in grazing livestock with producer profitability. Noble learning includes outreach, demonstration, workshops, and distance resources. Hays specializes in designing adaptive learning environments, generational learning styles, competency-based programming, program evaluation, no formal education engagement, distance education design practices, group facilitation, and digital learners.

Amy is a graduate of Texas A&M University with a bachelors in Wildlife and Fisheries Sciences and a masters in Rangeland Ecology and Management. She joined the Noble Research Institute in 2015 after serving a combined 21 years at Texas A&M AgriLife Extension and Texas Parks and Wildlife.
